ADVANCED BATTERY MANAGEMENT FOR LFP AND LTO CELLS SEMINAR

Date: February 18th, Prague, Czech Republic
Location: GWL (i4wifi a.s) Training Room, Prague, Czech Republic
Time: 10:00 to 18:00 (lunch and refreshments included)
URL: http://www.ev-power.eu/Advanced-BMS-Seminar/

Agenda

MORNING SESSION
9:30 Open door, welcome and registration
10:00 Introduction to the Lithium battery technology
10:30 Advantages of the Lithium Iron and Lithium Titanium
11:00 Demonstration of the LTO cells technology
11:30 Operation and experience with the LFP and LTO cells
12:00 Lunch time

AFTERNOON SESSION
13:00 Introduction to battery management for LFP and LTO cells
13:30 Demonstration of the BMS technology for LFP and LTO cells
15:00 Advanced functions of the BMS settings
16:00 Technology demonstration
17:00 Question and Answer session

The timing is optional and may be adjusted.
